

Poverty alleviation through the promotion of agricultural micro-enterprises

Project description

Located in the north of India (Sahaspur Block), this project is driven by Agrisud, a non-profit organization. It helps in fighting poverty by creating small farms specialized in the production of aromatic plants. The beneficiaries are locals who live under the poverty line. This project has just started and is expected to generate around 20 new farms in 2010.

★ **Projet area : Sahaspur Block**
